SOUTH CAROLINA DINING: THE OFFICIAL DINING SITE OF SOUTH CAROLINA

Soby's New South Cuisine

[[Add to Trip Planner](#) | [Local Weather](#) | [Maps & Directions](#)]

A former shoe store, cotton exchange, grocery store and bicycle shop turned hot spot for Southern cuisine in downtown Greenville, Soby's offers an array of taste, sound and color. Fresh, creative dishes inspired by rich Southern traditions and infused with new, international flavors. An exciting urban energy in a

warm, inviting space. Soby's has the perfect atmosphere whether you want a quiet booth for two, an outdoor table along Greenville's bustling Main Street or a larger, private party on the mezzanine overlooking the kitchen.

May we suggest our signature dish - the New Orleans BBQ Shrimp with Creamy White Cheddar Grits & Sweet Pepper Relish? Sounds good? It tastes even better.
